

Subject: FW: KIOF 97.9 FM sponsored event coming up on August 31, 2019
From: Albert Shuldiner <Albert.Shuldiner@fcc.gov>
Date: 8/22/19, 8:13 AM
To: "Gregory P. LaPorta" <greg@lvpr.org>

Dear Mr. La Porta -

I am contacting you in response to your email to the FCC. It was not clear to us from your email whether you were seeking something specific or if you were attempting to provide comments in the rulemaking proceeding you referenced. If you would like to file comments in MB Docket No. 19-193, we would ask that you make use of the FCC's Electronic Comment Filing System <https://www.fcc.gov/ecfs/filings> to ensure that your comments are entered into the official docket for that proceeding. If you are seeking some assistance on another matter, please do not hesitate to contact me with details.

Sincerely,

Albert Shuldiner
Chief, Audio Division
Media Bureau

Subject: KIOF 97.9 FM sponsored event coming up on August 31, 2019
Reply-To: <greg@lvpr.org>

To: The Honorable Ajit Pai, FCC Chairman
Cc: Jessica Rosenworcel, FCC Commissioner
Cc: Geoffrey Starks, FCC Commissioner
Cc: Helen Mollick, Corporation for Public Broadcasting, Office Of Inspector General
Cc: Andrew LaPorta, Las Vegas Public Radio Inc. Vice President

Chairman Pai,

KIOF 97.9 FM / Las Vegas Public Radio has been asked recently to host a "Live" event for the U.S. Institute Against Human Trafficking Stomp Out The Demand 5K - Walk, Jog or Run to STOMP OUT the demand against human trafficking! Your kids and fur-baby can participate too! Sign up to participate in our first annual 5K walk/run, 1 mile kids run, or

1 mile dog walk to be held at Sunset Park in Henderson, Nevada. This relates to the July 30, 2019 - Notice of Proposed Rulemaking on Improving Low Power FM Radio Service (MB Docket No. 19-193/MB Docket No. 17-105) at <https://docs.fcc.gov/public/attachments/FCC-19-74A1.pdf> or the attached PDF in these particular areas:

On Page 1 - Item #2, discussion on ...To ensure that LPFM stations provide adequate protection to other LPFM, FM, and FM translator stations under the distance separation method, the Commission built 20 kilometer buffer zones into the separation tables in section 73.807.

On Page 2 and 3 - Item #3, discussion was made regarding rule changes to address difficulties LPFM stations may experience when trying to maximize coverage of their target communities. For example, it seeks more options in equipment used to transmit and re-transmit LPFM signals, increased power, greater flexibility in relocating LPFM facilities, and additional methods for demonstrating interference protection to other stations ... February 2019 Notice of Proposed Rulemaking in the Comparative Standards proceeding.

Chairman Pai - there is basically no KIOF 97.9 FM / Las Vegas Public Radio signal that can be picked up reasonably at this location on the day of the event where the walkers, joggers and runners will be when measured from the KIOF 97.9 FM / Las Vegas Public Radio tower site to the actual location of the event (we invite you to stop by the event and listen for yourself to the static):
